Dear Ms. Brown:

Concord to Sacramento Petroleum Products Pipeline– Draft Environmental Impact Report

Thank you for including the California Department of Transportation in the environmental review process for the proposed project. We have reviewed the Draft Environmental Impact Report and offer the following comment:

As stated in our letter dated March 7, 2002, any work or traffic control within the State right-of-way (ROW) will require an encroachment permit from the Department. To apply for an encroachment permit, submit a completed encroachment permit application, environmental documentation, and five (5) sets of plans (in metric units) which clearly indicate State ROW to the following address:

Mr. Sean Nozzari, District Office Chief
Office of Permits
California Department of Transportation, District 04
P. O. Box 23660
Oakland, Ca 94623-0660

Should you require further information or have any questions regarding this letter, please call Lisa Carboni of my staff at (510) 622-5491.

Sincerely,

TIMOTHY C. SABLE
District Branch Chief
IGR/CEQA

- 32-1 Comment noted. Table A-1 (Permits Required) on page A-1 of the Draft EIR shows the requirement for an encroachment permit.
